## Getting Better, Giving Back

At Englewood Hospital and Medical Center, we strive to deliver the highest quality healthcare to our patients, and to treat each person with dignity and compassion. Patients and families who have experienced this exceptional care are often compelled to respond, and have asked for a way to express their gratitude.

The answer is Grateful Giving, a program for our patients and their families to demonstrate their appreciation for the outstanding care received at Englewood Hospital. A tax-deductible contribution to the Medical Center through Grateful Giving is an especially meaningful way to say “thank you,” whether for the overall high quality of care, or for the outstanding efforts of a specific Englewood caregiver, team, or department.

## Recognizing Special Caregivers

If you would like to designate your gift in honor of a special doctor, nurse or department, simply note the name in the space provided on the attached gift form and return it with your contribution. We will advise the individual or team of your gift (but not the actual amount), unless you prefer to remain anonymous.

## How Your Gift Helps

Like most hospitals, Englewood is a not-for-profit institution that increasingly depends on philanthropic contributions to sustain the high quality, patient-centered healthcare that our patients expect and deserve. Your gift will have an immediate and positive impact on patient care because Grateful Giving dollars are used to fund urgent needs, as well as to expand programs and services, provide new healthcare technologies, and sustain the Englewood tradition of excellent, compassionate care.
